ORGANICS RECYCLING

Senate Bill 1383 (the "Short - Lived Climate Pollutant Reduction Strategy") is a California law requiring residents to participate in a food waste recycling program to divert organics from landfills. This law required that Kern County comply, and on 7/1/23, SB 1383 was implemented throughout unincorporated Metro Bakersfield.

PAPER PRODUCTS

FRUITS

VEGETABLES

DAIRY

Customers should now be placing their food waste directly into their green organics cart along with their loose green waste.

PLASTIC BAGS ARE NOT ALLOWED IN THE GREEN CART. Many customers choose to line their in-house food waste container with a plastic bag and then dump the contents of the bag in the green cart, but please do not put the plastic bag in the green cart. Plastic film and bags go in the trash cart.

Once collected, your food waste will be sorted and processed for composting at one of our material recovery facilities where it will be turned into compost, mulch, soil amendments, and landscaping material.

RESIDENTIAL ON-CALL BINS

We can provide you with a temporary (or "on call") bin for any size project. Looking to do a small to medium clean up around the house? We can provide a 3yd on-call bin for up to 30 days from the delivery date. Simply give us a call whenever you need it dumped and let us know when you are ready for it to be removed, and we will take care of the rest.

MATERIALS NOT ACCEPTED:

- Appliances
- Asbestos
- Batteries
- Fluorescent or HID light bulbs
- Hazardous Waste
- Motor oil
- Needles or syringes
- Paint
- E waste: computers, monitors, cords, phones, TVs, VCRs, DVD players, stereos, microwave ovens, or iPods
